INTRODUCTION

Junaid Industries is ISO 9001:2000 certified company. We are one of the renowned manufacturers and suppliers of Railway light fittings, Automobile components and Indicator lights which find application in railway sector as well as automobile industry. Our range includes HT Marker Lamp, Stop Switch, Berth Reading Light, Curved Tail Lamp and Center High Mounted LED Light, Spotlight. Using high grade raw material, these products are known for high functionality and durability.

We are backed by a dedicated team of professionals who are well aware of latest market trends and strive to produce our products in accordance with client's preference. Our professionals work in close coordination with each other which ensures optimum utilization of available resources.

COMPANY PROFILE

Junaid Industries is small scale organization which deals in manufacture, exporter of Railway Light Fittings and Automobile Components to Automobile Industries. The Organization was established in 2002 as a proprietorship Organization, JUNAIID INDUSTRIES, promoted by Mr. Md. Zubair Ansari. It started with plastic injection and molding. Subsequently in 2003 it started Design and Manufacturing of Automobile Components as per customer needs. We follow ARAI testing and Emark procedure for consistency maintaining quality of automobile products.

The Organization is well equipped with latest technology machinery and Welding facilities and skilled manpower. The employees are enthusiastic and eager who can execute the requirements of customers.
